### OVERVIEW

The Certificate IV in Training and Assessment is the minimum standard requirement for trainers and assessors who do not currently hold the Certificate IV in Assessment and Workplace Training (BSZ40198). This qualification provides all the skills and knowledge required to deliver training in an industry area or work specific expertise, and conduct competency-based assessment in a wide range of work based contexts. There are twelve core units of competency and two electives that make up the Certificate IV in Training and Assessment TAA 40104, these are packaged and delivered over four clustered groups.

The course is aimed at learners who can access a training and assessment environment and requires a high level of language and literacy skills, plus basic computer knowledge. The four clusters are: The Learning environment, Workplace assessment, Designing and delivering training, Facilitate work-based training.
