The Truth in Mark

February

It is highly probable that Mark's gospel was the first written of those in the Bible. The style is straight forward and the narrative is fast paced as Mark eagerly seeks to portray the message of Jesus Christ, the Son of God. Through this series we will explore some of the key Markan passages as we listen for *The Truth in Mark*.

Prophet in a Minor Key

April

Tucked away at the back of the Old Testament, the book of Habakkuk is not one of the more prominent in the Bible. However, the nature of his interactions reveals to us something of the relationship between God and humanity as seen through the eyes of a passionate prophet. In this series we will explore the musings of a *Prophet in a Minor Key*.

Miracles

May

The miracles of Jesus have stunned and inspired his followers for generations. While such things can seem remote to our experience today, there is still a sense of mystery and awe surrounding the power of Jesus to perform such amazing signs. In this series we will explore the significance of some of Jesus' most illuminating *Miracles*.
