

## Keeping Connected: Family Contact Services

Wesley Dalmar provides each child and young person with a personalised mix of supports they need to maintain connection with their non-residential parents. Through Wesley Keeping Connected, we help children and young people maintain and strengthen connections with their families in a safe environment.

### How can we support you?

Wesley Dalmar - Keeping Connected is a long-standing reputable service who has been operating for more than 20 years. Previously only providing services to children in foster care, their new Family Contact Service provides support direct to the public for non-residential family members who may otherwise not be able to see their children, be it through court orders or family arrangements.

Specialising in services that promote positive interactions between the children, young people and their family, through tailored service options. We can support you with:

- Supervised Family time visits
- Supervised Handovers
- Supervised Changeovers
- Full Court reports

We provide specialised and customised services, and our staff, who are carefully matched to the family's needs, focus on:

- Family relationship building
- Contact supervisor skills and training
- Contact supervisor proximity to clients
- Contact supervisor consistency with client
- Availability of contact supervisor at requested times.

We believe that family time should be based on building and maintaining family relationships and that, through sensitive planning and supervision, we can help families enjoy a great experience.

If you're interested in how we can support, you and your family engagement please reach out to our experienced team who will take you through the process.
