## 2. Policy statement

Wesley OOSH believes that children have the right to feel physically and psychologically safe. We aim to provide an environment where all children and educators feel safe, cared for and relaxed. One which encourages cooperation and positive interactions between all persons (My Time, Our Place Outcome 1).

This behaviour management policy is based on guidance, redirection and positive reinforcement. Educators will aim to guide rather than control the behaviour of the children in our care.

Basic rules will be established based on safety, respect for others, order and cleanliness and will be communicated to all families, children and educators along with consequences for inappropriate behaviour. The service recognises the importance of children's input into developing the basic rules and helping to determine appropriate consequences for inappropriate behaviour (My Time, Our Place Outcome 2). Our service promotes a positive approach to managing the behaviour of all children. Children will be encouraged to resolve problems, defeats and frustrations where appropriate. This can be achieved by exploring possible solutions, and helping children understand and deal with their emotions. This will depend on the child's age and level of development (My Time, Our Place Outcome 3).

The service will ensure no child being cared and educated for by the service is subjected to any form of corporal punishment or any discipline that is unreasonable in the circumstances.

The service will ensure that every reasonable precaution is taken to protect children being cared for or educated by the service from harm and/or hazard likely to cause injury.
