Creating your home

Wesley Retirement Living Villages offer a wide range of accommodation options to suit your individual needs and preferences. That means you're free to select the location, style and size of apartment that works best for you.

Each apartment comes with quality fixtures and fittings throughout, and you're free to add your own personal touch with furniture, furnishings and appliances.

When selecting your apartment, it's a good idea to take measurements before arranging installation of items such as a refrigerator, washing machine, or the positioning of larger items such as sofas and beds.

Our team are always available to help you with any questions you have or advice you need.

We look forward to welcoming you into a location you can truly call home.
