3. Policy statement

For Educators and staff

In relation to any educator or staff member taking photographs, they will ensure:

- Parent consent has been given for photographs to be taken of their child.
- Photographs will only be taken that show the child demonstrating skill development or educational learnings.

For Parents and Family Members

In relation to any individual, parent or family member who is visiting the service with the intention to take photographs the service will ensure:

- All families are notified in advance of when, why and by whom photographs may be taken in the service.
- All families are given the opportunity to object to their child being involved in any photographs, and that these wishes are respected.
- Any parent or family member may only photograph their own child unless given permission by another child's parent.

4. Principles

Wesley OOSH accepts that families may want to display photographs of their own child on the internet; however, we do not condone the display of photographs taken of children from other families.

Wesley OOSH will respect the wishes of all families who do not wish their child to be photographed and will be responsible for ensuring that the child is not photographed while in attendance at the service. This may mean however, that the child may be removed from group situations where photos will be taken.

If a parent has given permission for their child to be photographed by anyone other than a staff member or educator, the service does not accept responsibility for the distribution or use of any photograph taken.

For any other Individual

Wesley OOSH does not allow any other individual visiting the service to take photographs of any child without written permission from the child's parent or authorised nominee. An example of such an individual may be a School Photographer.
